Kandahar meeting:

[11:12 PM, 3/22/2022] @Ultrascan-research.com:

According to a report from our colleagues:

Taliban leadership meeting in Kandahar

location in Kandahar:

This meeting of the Taliban leadership is in the guest house of the former Taliban leader Mullah Mohammad Omar Mujahid, which is used in important meetings of the Taliban leadership in the area of the first constituency of Kandahar city.

Security measures

All around strict security measures. None of the local Taliban members except for the Taliban governor in Kandahar and the Kandahar police chief were allowed to attend this important meeting of the Taliban leadership. The bodyguards of the Taliban leaders were also not allowed inside. All the doors were closed, and the meeting was held in secret.

Attendees

At a meeting in Kandahar last Tuesday, including Mullah Mohammad Hassan Akhand, the Taliban's prime minister, Mullah Abdul Ghani brother of Taliban First Deputy Prime Minister Mullah Yaqub, Taliban Defense Minister, Sirajuddin Haqqani, Minister of Interior of the Taliban, Khalifa, and leader of the Haqqani Network, Abdul Haq Waseeq, Director General of Taliban Intelligence, Taliban Minister of Refugees Khalil-ur-Rehman Haqqani, Taliban Foreign Minister Amir Khan Mottaqi and ten Taliban cabinet ministers and several Taliban leaders attended in this meeting.

The meeting was chaired by the President of ISI Pakistan and Mullah Mohammad Hassan Akhand.

The meeting discussed important issues that have recently ended inconclusively.

Except for the President of Pakistan ISI and two Pakistani representatives, no foreigner was present at the meeting.

Assassination plans - Sirajuddin Haqqani

Mullah Baradar and Mullah Yaqub have worked together in a single team for a month now. Mullah Baradar and Mullah Yaqub are trying to destroy and assassinate Sirajuddin Haqqani. Respond to the serious threat posed by Sirajuddin Haqqani and rely on complementary power to reach an agreement with their opposing factions and form a shared and inclusive government with the participation of all ethnic groups.

Sirajuddin Haqqani is also trying to assassinate and eliminate Taliban Defense Minister Mullah Yaqub. The Haqqani Network thinks that by assassinating and killing Mullah Yaqub, Mullah Baradar, his team will be weakened and fall back from power. In that case, they can take full military and political power and purge Mullah Baradar's team.

According to reports from our sources from within the Taliban intelligence, serious tensions and differences have arisen between Abdul Haq Waseq, the Taliban's director general of intelligence, and Taj Mir, the Taliban's first deputy intelligence chief. Abdul Haq Waseq has become somewhat closer to Mullah Yaqub. He has promised cooperation and loyalty to Mullah Yaqub, which has angered the Haqqani network, And Taj Mir Javad, who is also blind in one eye and now old, is one of the key and powerful figures in the Haqqani network in Taliban intelligence.

Tensions Abdul Haq Wasiq - Taj Mir Javad

After the arrest of Gol Rehman Haqqani's brother in a state of intoxication and the immoral use of women in Kabul by loyalists of Abdul Haq Wasiq, serious tensions have arisen between Abdul Haq Wasiq and Taj Mir Javad.

Assassination attempts

And our sources inside the Taliban intelligence confirmed that the Haqqani network is trying to assassinate Mullah Yaqub. And Mullah Baradar and Mullah Yaqub are trying to eliminate Sirajuddin Haqqani. At the same time, these two groups are trying to assassinate several powerful commanders in the country's provinces.

The issues - Kandahar meeting:

- It has been nearly two weeks since Mullah Baradar and Mullah Yaqub, along with a group of Taliban leaders in the cabinet and tribal elders from Kandahar, Helmand, and the southern provinces, secretly decided to appoint Mullah Baradar as Prime Minister to replace Mullah Mohammad Hassan. Mullah Yaqub remained in his post as Taliban defense minister and appointed Mullah Mohammad Hassan Akhand as Chief Justice of the Taliban Court and Judge. Meanwhile, Mullah Baradar decided to appoint Mawlawi Sadr Ibrahim and Sirajuddin Haqqani as interior ministers and make changes in the departments of key military ministries to remove military power from the hand of the Haqqani network.*

Baradar versus Sirajuddin Haqqani

This decision by the Taliban leadership is vehemently opposed by Sirajuddin Haqqani and members of the Haqqani Network leadership, which leads to verbal tensions. After that, tensions and opposition between Sirajuddin Haqqani, Mullah Baradar, and Mullah Yaqub increased. The ISI-Pakistan intervenes and plans to calm the two groups.

Meeting Americans in Antalya, Turkey

Meanwhile, at the Antalya meeting in Turkey, Americans advised Amir Khan Mottaqi to elect Sirajuddin Haqqani as the first deputy prime minister and Mullah Baradar as the prime minister. At the Antalya summit, the United States explicitly supported the Haqqani network in its meetings with Amir Khan Mottaqi. The Americans have also called on Mottaqi not to obstruct ISIS activities in northern Afghanistan. The Americans have strongly supported the Haqqani Network during this meeting with the Taliban because the Haqqani Network is ultimately ISIS. It supports ISIS and has provided ISIS leaders with safe havens in Kabul and the provinces. The Haqqani Network is a long-term project for US interests in northern and eastern Afghanistan. The Haqqani Network is aligned with the Islamic State of Iraq and the Levant (ISIL), whose caliph (Khalifa) in Afghanistan is Sirajuddin Haqqani.

Haqqani and the girls' schools

- The second issue, of the girls' school, was rejected by Sirajuddin Haqqani and the leaders of the Haqqani network. It has been the issue that girls are allowed to go to school. The leadership of the Haqqani network has not permitted schools to be opened for girls and has prevented girls from going to schools and universities.

The Taliban leadership, Mullah Baradar and Mullah Yaqub agreed to start girls' schools. However, the decision by the Haqqani network to close girls' schools has been unilateral. Following the Haqqani network to bar girls from attending sixth grade, they do not go to schools and universities.

ISIS and the Resistance Front

- The third issue of the meeting was the issue of the northern provinces of Afghanistan, which are under serious threat from ISIS and the Resistance Front. The Taliban leadership expressed its displeasure with the current situation in the north of Afghanistan, where the Resistance Front and ISIS agreed to conscript and became a force. Concerns were expressed over the Haqqani Network's arbitrary decisions to create fear and panic among the people of northern Afghanistan.

The Taliban leadership criticized the arbitrary actions of Haqqani network leaders in recruiting minors into the ranks of their fighters. They also raised concerns about the Haqqani network harboring foreign ISIS fighters in eastern Afghanistan. And over the expansion of ISIS Fighters in Northern Afghanistan, especially Badakhshan.

journalists - civil society activists - women activists

- Another issue discussed in this meeting is to no longer arrest or threaten journalists. At the meeting, the Haqqani Network and the Taliban accused each other of arbitrarily detaining civil society activists and women activists, calling on each other to end these detentions. The Taliban members should not incite ethnic prejudices and do not dismiss the employees of the previous government, who have lost the trust of the Afghan people. And stop the destructive activities so that the countries of the world and the region can interact with us and gain international legitimacy.

Mullah Baradar criticized the Haqqani network for not stopping with threats against journalists, women activists, and civil and social activists. If you continue to do so and torture people, we will be further isolated in the international arena. We are losing our legitimacy in the eyes of the world and damaging the position of the Taliban. Most of the world does not believe in us, and it will cause our defeat in the history of Afghanistan. There must be a commitment here that the Taliban or Haqqani network will no further threaten the civilian and military members of the previous government with death or torture. And no group has the right to capture and torture in their prisons arbitrarily. We should stop this situation.

The Afghan three-bell flag

- The other issue discussed at the meeting was removing the Afghan three-bell flag. The Taliban leadership has stated that they disagree with the Haqqani Network's decision to replace the only white flag of the Taliban Islamic Emirate in government offices with a tricolor flag. This unilateral decision by the Haqqani network has been opposed by politicians, the leadership of the Taliban, and the citizens of the country. The Taliban offered to allow both flags to be used in government offices until we could make a collective decision later, which was rejected by Sirajuddin Haqqani.

Pakistan ISI

- Another issue raised by the head of the ISI was the leadership of the Taliban and the Haqqani network. The issue of Afghanistan's mining legally or illegally where mining should begin. Both Taliban teams have approved the proposal of the Pakistan ISI. The Taliban can provide their military forces with economic and financial resources to cover their soldiers' and civilians' financial and logistical expenses from selling and extracting mines. Because the world's countries have cut off their financial aid, the Taliban and Haqqani network can finance their needs by mining and selling mines. The Pakistan ISI has also warned that they can contract to mine legally or illegally. And if neighboring countries do not legally agree to the treaty, they can extract illegally with the cooperation of Pakistan. But try to sell whatever you want to finance your resources and logistics.*

Haqqani network does not accept Mullah Baradar as a prime minister

The Haqqani network's leadership at the Kandahar meeting clearly states that we do not accept Mullah Baradar as a prime minister. And the leadership of the Haqqani network does not accept any decision or proposal from Mullah Baradar. Behind-the-scenes or on-stage decisions are not acceptable to us. In this meeting, Mullah Baradar was accused of collaborating with Western countries and Afghanistan's neighbors. The opposition between the Haqqani Network led by Sirajuddin Haqqani and the team of Mullah Baradar and Mullah Yaqub has existed for a long time, and these differences and tensions have been escalating for some time. And these two groups, which are active in power, have killed each other and are plotting to assassinate and conspire to weaken each other. Pakistan's ISI calls on both groups to exercise restraint and urges both groups to end their differences on these grounds.

Mullah Hibatullah Akhundzadeh*

- The agenda of their meeting in Kandahar states that they went to Kandahar at the invitation of Mullah Hibatullah Akhundzadeh, the self-proclaimed leader of the Taliban, And they have received the necessary guidance and specific tasks from their leader at the Kandahar meeting. According to detailed reports we received from inside the Taliban leadership meeting in Kandahar, there was no Mullah Hibatullah. The head of Pakistan's ISI attended a secret meeting between Taliban leaders and the Haqqani network. Only the leadership of the Taliban and the Haqqani network and the Head of ISI, and a few Pakistanis were present at the meeting. There was no news about the presence of Hibatullah. The Taliban are lying to the people and the world that Mullah Hibatullah is not alive. Mullah Hibatullah has no physical existence. He is just an impersonation of the leader.

Chinese Foreign Minister and Russian envoy to Afghanistan arrive in Kabul

Taliban meeting in Kandahar ends without result and will not continue as the Chinese Foreign Minister and Russian envoy to Afghanistan arrive in Kabul. Taliban leaders and Haqqani network leaders leave Kandahar for Kabul. Only Mullah Yaqub and Mullah Mohammad Hassan Akhand, the Taliban prime minister, remain in Kandahar. The rest returned to Kabul to meet with the Chinese foreign minister and Russian envoy.

Situation report by colleagues:

Security measures in the north

- The Taliban leadership of the Ministry of Defense has taken over the security measures until the end of the month to take preventive measures against the possibility of any guerrilla or offensive attacks. In this case, they sent more forces to Panjshir and Parwan and even deployed a military force in the village of Anjuman.

- Qari Fasihuddin has been in Badakhshan for five days now, trying to arrange for 2,000 fighters in the border districts of Ishkashim, Sheghnan, and Zibak.

- The Mutalib Uyghury, known as a Nizami commander of the East Turkestan movement with 120 fighters from East Turkestan, Jamaat-e-Ansarullah, and the Islamic Movement of Uzbekistan are to be deployed at the borders.

- It is supposed that a mix of 70 fighters from Omari, Mansouri and Badri units were relocated in three border districts.

- The Taliban are terrified of the possibility of spring attacks until the end of the holy month of Ramadan.

The Taliban are facing a deficiency of troops. Soldiers of the Taliban are paid up to 20,000 afghanis until the end of their duty, but many deserted. The Taliban is trying to recruit ordinary people, but no one is ready to join the Taliban. Taliban militants were dissatisfied with Taliban leadership levels in Badakhshan province, leaving Taliban ranks to join resistance or ISIS. In recent days Taliban militants left the Taliban in Badakhshan and northern Afghanistan. A severe challenge for the Taliban.

Qari Fasihuddin has met with various groups in Faizabad, Baharak, Warduj, and Jurm to recruit people and distribute money to anyone he meets.

-After the fall of the previous Afghan government and the takeover of power by the Taliban, foreign fighters, including East Turkestan, the Islamic Movement of Uzbekistan, and the Ansarullah Jamaat of Tajikistan, have purchased weapons from the Taliban and stored them in seven locations in Badakhshan.

In each district, these foreign fighters commission two or three buyers for all kinds of weapons, especially American weapons, including m4 and m16, and move them to seven warehouses.

- One of their seven heavily guarded depots is in Abdul Alim's house in the village of Zu Dare Khostak, which pays 30,000 afghanis a month to Abdul Alim to cover all of his expenses.

Various heavy weapons, light IM 4, IM 16, and ammunition are stored in this depot.

[1:49 AM, 4/3/2022] @Ultrascan-research.com:

BREAKING BORDERS

Haji Forqan* first political move in coordination with Hizb ut-Tahrir members in Badakhshan province:

- According to previous reports of Haji Forqan's secret relations with Salafi scholars in Badakhshan province. Haji Furqan also took advantage of the opportunities available and used Hizb ut-Tahrir policies indirectly through Mawlawi Rashad and Mawlawi Abdul Zahir, both Hizb ut-Tahrir leaders in Badakhshan province. They met twice, once in Badakhshan and the other in Baghlan province. The purpose of the meeting was to enlighten and ask Mawlawi to ensure that the message of the immigrants (foreign fighters) and Hizb ut-Tahrir is the same so that they can move and work together. In this regard, Haji Forqan has given two million Afghanis to Mawlawi Rashad and Mawlawi Abdul Zahir to have programs outside the country.

Nidai Islamic World in Badakhshan Province

From ten days onwards, Maulvi Rashed and Maulvi Zahir organized all the people, including the districts. On Friday, hundreds of people attended a gathering called **(Nidai Islamic World in Badakhshan Province)** at the Shaheed Leadership Hall.

Spread Islam to the whole world

The speakers, who are mostly members of Hizb ut-Tahrir, called on the government of the Taliban Emirate not to consider the religion of Sharia and the Islamic government only in Afghanistan and to break the borders for the sake of establishing the religion of God and spread Islam to the whole world.

First alarm for Afghanistan's neighbors

This will be the first alarm for Afghanistan's neighbors, driven by the political agenda behind Haji Forqan. Haji Forqan is scheduled to be in Takhar and Kunduz provinces during the same program.

Haji Forqan* is currently living in Baghlan province.

Call for the unity of the Muslims of the world:

Thousands of people in Badakhshan province called for the unification of the Muslims of the world by holding a large conference named **"Unity of the Islamic Ummat and the Opportunities of Ramadan"** and for **breaking the national and colonial borders between the Muslims of the world.**

- Religious scholars, Mujahideen, influential people, and thousands of citizens of Badakhshan province participated in this conference. They described the holy month of Ramadan as an opportunity for the Islamic Ummah to use it to conquer and break false borders.

RAMADAN, the month of conquest and victory

The program participants described Ramadan as the month of conquest and victory. Because according to them, Ramadan is the month of the revelation of the Qur'an and the guidance for humanity until the Day of Judgment. Also, the greatest campaigns of the Prophet of Islam in this month, including the Battle of Badr and the conquest of Mecca, are done.

- In this large public conference, they called on the Taliban Islamic Emirate government not to limit the application of Islam to national borders and to create a single government, a single economy and a single land for the nation of the Prophet of Islam so that all Muslims can live under one brotherly flag.

- According to a number of these participants and speakers, the United Nations and the international community are the only ones who have benefited from the division of the world's Muslims and prevented the unity of Muslims around the world.

- They said that as long as the Muslims in the world had a single government and a single land, no power was able to oppose the Muslim army of the world, but after the fall of the single Islamic government, the Islamic lands were divided into small countries occupied by colonialists and occupied, oppressed and Were raped.

- In a message, they called on all Muslims in the world to unite and stressed that with the unity of the Islamic world, the establishment of Dar al-Islam, the world of infidelity will be destroyed.

It is noteworthy that in this conference, the Taliban's prayers were for the unity of Muslims.

SitRep from Badakhshan province*

Working report from Badakhshan province and stabilization of the latest military and political situation of all foreign fighters in Badakhshan province and interaction of the local Taliban group in different sections with this group:

- foreign fighters entered Badakhshan province in four months, two stages to not be exposed or harmed by the general public, and hundreds more were relocated to Kabul and northern provinces. Most fighters are not familiar with local people. About 40 percent of the foreign fighters, including Haji Forqan*, the leader of ETIM, and Mawlawi Ibrahim, the leader of the Ansarullah community, were for many years in the valley of Khostak, Warduj, Darwazha, and Ragh districts. They now moved to the Pul-e-Khumri provinces of Baghlan. Similarly, fighters in Takhar, Kunduz, and Faryab provinces relocated.

For the past two months, Haji Forqan* has held secret political meetings with Badakhshan Salafis and the Badakhshan Hizb ut-Tahrir members, organizing their programs. During this period, Haji Furqan send Mawlawi Mujibur Rehman Zakhiri from the Badakhshan Salafis to the ISIS Pakistan for training. And also to a glorious gathering of one thousand people to address the Tahrir Party, which donated two million Afghanis to Haji Forqan. The conference was held on Friday last week in the hall of the Supreme Leader.

There are 291 members of East Turkestan, 155 members of Ansarullah, and 91 members of the Islamic Movement of Uzbekistan in different parts of Badakhshan province.

- Haji Forqan, in coordination with Badakhshan local government, has started the Afghan ID process for 109 foreign fighters. Currently, 44 people are identified, and the rest are processed.

Many foreign fighters have been issued Afghan passports.

- 35 foreign fighters are included in a special unit.

- Mine construction and mine clearance.
- Making all kinds of suicide and explosive vests.
- Use of sniper and laser weapons.
- Self-defense and sports.
- Every day, the lessons of belief, martyrdom, and rank of the person who commits suicide and explosion are woven from an Islamic perspective and are given mental preparation.
- In the parts of the songs, chants about martyrdom, suicide, and explosion are heard for them to be mentally ready to sacrifice.

A special unit of 33 foreigners is currently stationed at Feyzabad Airport and is consulting in the military departments.

- And they have military training every day.

1. One in the Dasht-e-frakh of Baharak.
2. One is in the bashand of Wardoj.
3. Two camps in Raghistan.
4. One of them is moving in Nasi Darvaz .
5. And another is moving in the village of Spin Gol Argo. If necessary, documentation will be done.

- From Badakhshan mines, Raghistan gold mine, Lajevard Kran, and Manjan mines, Haji Forqan, Sheikh Zakir, and Mawlawi Ibrahim will be given an independent quota.

Currently, in the drug trafficking sector, 40 percent of the income of foreign fighters, including Haji Forqan, comes from drug trafficking, who are engaged in smuggling day and night with all local smugglers in coordination with the local Taliban government. Haji Forqan himself has been smuggling for two years now, earning millions of dollars.

Haji Forqan* strategic goals and plans for the future:

- Haji Forqan, in charge of foreign fighters, is trying to prepare the people for the future through political means to launch their plans on the Central Asian countries in cooperation with ISIS. Probably 35 to 50 percent of the Taliban pledged allegiance to ISIS.

- Haji Forqan is currently pursuing his political programs in Badakhshan and the north of Afghanistan to turn Badakhshan and the northeastern part of the country into a safe haven for international terrorists.

And also indirectly trying to grow the ISIS group with the support of the Haqqani network. In case of any danger posed to them by the Taliban government in the future, they will pledge allegiance to ISIS.

INTELLIGENCE USE ONLY

FIX THIS

The enemy appears driven and motivated by something other than ideology or funding. Every one of these events (could have) occurred as a result of a failure of imagination. The job is not to predict tomorrow based on yesterday. That's what academics do. The task is to prevent the end of tomorrow by using your brains and your imagination. If you don't identify and find the threat before it's too late, you might be held responsible for the single largest intelligence fumble since a flight instruction school in Florida failed to grasp the significance of a 19-year-old Al-Qaeda terrorist saying he didn't need to learn how to land.

Some paid advice

Ultimately, one can find them all to be human failures.

But suppose you believe that wars and insurgencies resulted from intelligence failures, or even worse, a lack of strategy. In that case, consider yourself lucky because nobody will tell you their actual military strategy and intelligence policies for you only to have an opinion. No, you are at the receiving end of a successful strategy and intelligence narrative.

A context of intelligence operations

Since 2007 the intelligence services prepared for a significant shift in real US geo-policy, military power, and intelligence.

An essential part of that shift, leaving war zones and decreasing its military presence in partner countries, occurs. It is explicitly cutting off Iran, Pakistan, and Israel. Allocated financial DoD resources show that what remains are substantial special operations (US-SOCOM) [...] a prioritized global monitor function. [...]

Why HUMINT

Why do we need secret agents? Isn't it all rather quaint?

Is it that we see a different, more frightening world than you do?

Our enemies are no longer nations and do not exist on a map but are non-state actors and unknown individuals. Look around you, who do you fear? Can you see a face, a uniform, a flag? No. Yet, before breakfast in their pajamas, they can do more damage from their laptops than an intelligence agent can during a year in the field. Online organized crime doesn't know law and order, has a Wild West mentality, and is lawless to the core. Anarchy.

While transparency became fashionable in the West, the world is not more transparent now. Today it's more opaque, in the shadows, and that's where we do battle. So, before you declare that irrelevant, ask yourselves, how safe do you feel?
